

S.R. 60 Flood Study ERIE COUNTY

PROJECT LOCATION MAP, STAKEHOLDER INFORMATION

You are requested to provide feedback on the existing conditions regarding flooding that has occurred in the State Route 60 study area from Darrow Road to Mason Road including Trinter Ditch and Edson Creek in Vermilion Township. An open house public involvement meeting will be held on December 5, 2023 from 5:30 pm to 7:30 pm to collect information relative to the recent flooding concerns. A general overview presentation will be held at 6:00 pm to review the information that has been collected to date. Exhibits will be displayed and comments will be collected. Representatives from the project team will be present to discuss the flood study. No solutions will be presented at this meeting. A future meeting will be held to review possible mitigation options. Information shared at the open house public meeting will be placed on the ECRPC website:
www.eriecounty.oh.gov/SR60FloodStudy.aspx

The meeting location: Vermilion Township Office 1907 State Road Vermilion, Ohio 44089

The purpose of the project is to evaluate and discuss the existing conditions in the study area (see map above) and determine any potential mitigation.

We look forward to receiving your feedback!

Please complete and mail the comment form provided, or you may submit comments online through the project website, or to the contact below. Please submit comments by January 5, 2024 to:

Tim King, ERPC Director
Erie Regional Planning Commission, 2900 Columbus Avenue #332
Sandusky, Ohio 44870; (419) 627-7792
tking@eriecounty.oh.gov
